

# YAKUBU EMMANUEL

Full Stack Web Developer | React / Next.js | Node.js | REST APIs

Abuja, Nigeria • Emmanuelyak222@gmail.com • +234 814 406 9568 • [LinkedIn](#) • [GitHub](#)

## PROFESSIONAL SUMMARY

---

Full Stack Web Developer with 3+ years of experience designing and building responsive, user-centric web applications across frontend and backend disciplines. Proficient in React.js, Next.js, Node.js, Express.js, and RESTful API development, with hands-on experience in debugging, testing, and deploying production applications. A collaborative team player who adapts quickly, takes ownership of deliverables, and is committed to continuous learning and delivering clean, maintainable code.

## TECHNICAL SKILLS

---

**Frontend:** React.js, Next.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Bootstrap

**Backend:** Node.js, Express.js, RESTful APIs

**Databases:** MongoDB — schema design, CRUD operations, data modelling

**Mobile:** React Native — cross-platform mobile application development (iOS & Android)

**Soft Skills:** Communication, Collaboration, Problem-Solving, Adaptability, Time Management, Leadership

## PROFESSIONAL EXPERIENCE

---

### Full Stack Developer

Icadconcord Limited

2023 – Present

Abuja, Nigeria

- Build and maintain full stack web applications using React.js, Next.js, Node.js, and Express.js, delivering responsive and performant user interfaces across projects.
- Develop cross-platform mobile applications using React Native, building intuitive iOS and Android experiences with reusable component architecture and smooth navigation flows.
- Develop and consume RESTful APIs, integrating frontend, mobile, and backend systems to ensure seamless data flow and functionality.
- Collaborate with cross-functional teams — including backend engineers, product managers, and designers — to translate requirements into working features on schedule.
- Manage application deployments and environments, contributing to debugging, testing, and release cycles to maintain production stability.
- Utilise Git and GitHub for version control, participating in code reviews and maintaining clean, well-documented codebases.

### Intern — Full Stack Developer

Rework Academy

2022 – 2023

Abuja, Nigeria (Hybrid)

- Completed an intensive full stack web development programme covering Node.js, React.js, RESTful APIs, and MongoDB, gaining hands-on experience building end-to-end applications.
- Continued as an intern post-graduation, applying skills in debugging, testing, and deploying real-world applications under the guidance of senior developers.
- Collaborated effectively with team members on group projects, strengthening communication and agile working practices.

## KEY PROJECTS

---

Full Stack Web Applications Portfolio | React.js, Next.js, Node.js, Express.js, MongoDB

- Built and deployed a range of full stack web applications covering frontend UI, backend API development, and database integration — available on GitHub.
- Each project demonstrates responsive design, RESTful API consumption, state management, and clean component architecture using React.js and Next.js.
